SOFTWARE DEVELOPER

Lifelong problem solver who is always looking to learn a new skill set.

Enjoy finding outside-the-box solutions for complex problems.

Positive outlook on life with a strive to take on every day with a smile.

SKILLS

LANGUAGES	FRAMEWORKS	OTHER SKILLS
Ruby	Ruby on Rails	GIT Version Control
JS/REACT/NODE	Angular	Testing RSPEC/Capybara
HTML/HAML	JQuery	Restful API's
CSS/SASS	PostgreSQL/MongoDB	Heroku/CI
JS/ES6/Typescript	AWS	Adobe CC

EXPERIENCE

SOFTWARE DEVELOPMENT MANAGER | TRACE FIRST INC- (JUL 2021 – MAR 2022)

Managed a team in-office and remotely across time zones.

Managed development workflow: architecture, issue creation, code reviews, and deployment.

Provided mentorship and practical development advice to team members.

Helped onboard new developers with ongoing support and feedback.

Researched, planned, and implemented new technologies/tools as needed.

SOFTWARE ENGINEER | CAREPORT HEALTH- (DEC 2020 – JUL 2021)

Worked with a remote team to improve patient care.

Worked with 3rd party vendors to integrate multiple products with API's.

Developed SMART on FHIR implementations in healthcare industry.

Worked with CI workflow with unit testing and deployments.

SOFTWARE ENGINEER | TRACE FIRST INC- (APRIL 2018 – DEC 2020)

Worked with a team to develop, deploy, and maintain multiple apps into production in a SCRUM environment.

Identified and reengineered performance bottlenecks (SQL, Computing, Image Processing).

Worked with CI/Git to push changes to staging/production environments on AWS.

SOFTWARE DEVELOPER INTERN | GAME SET MATCH - (JANUARY 2018 – MARCH 2018)

Refactored existing controllers, built scopes, and added comments for readability.

Identified bugs on the site, wrote code to fix them, and added additional tests.

EDUCATION

EPICODUS - (JULY 2017 – FEBUARY 2018)

Full-Time, 6-month program learning Rails, Ruby, Angular, JavaScript, CSS, HTML.

Programmed 8 hours a day in pairs, mob programming, and programming alone.

Built fully functional apps utilizing BDD, TDD and OOP.

AWS CDA - Link (EXP JAN 2022)

Certified Developer Associate certificate validates technical expertise in developing and maintaining applications on the AWS platform. Can get recertified if required.
